technology

Software is eating **OUR** world

changing
customers

changing
regulations

changing
technology

changing
banks!

How does the bank of the future look like?

How does the bank of the future look like?

modern and
open
IT

agile and
innovative
culture

ecosystem-
oriented
thinking

customers
instead of
products

"Banking is necessary. Banks are not."

Bill Gates, 1990

THREAT

Fintechs are usually focusing on one segment, one product but they are the best in those – together they cover the whole value chain

THREAT

Fintechs are usually focusing on one segment, one product but they are the best in those – together they cover the whole value chain

ANSWER

We want to collaborate and co-create with the fintech community in order to bring amazing services into the hands of our customers.

ANSWER

We want to collaborate and co-create with the fintech community in order to **bring amazing services into the hands of our customers.**

Hungary's first banking **innovation lab**
and leading **fintech incubator**
